

BE THE FUTURE
TASH Annual Conference
WASHINGTON DC
December 3-5, 2014

Exhibitor Information

For nearly 40 years, the TASH Conference has impacted the disability field by connecting attendees to innovative information and resources, facilitating connections between stakeholders in the disability movement, and helping attendees reignite their passion for the full inclusion of people with disabilities in all aspects of community life.

By bringing together research practice and advocacy, the TASH Conference builds bridges between stakeholders in the field and unites them in advancing inclusive lives for people with significant disabilities, a critical undertaking considering:

- People with disabilities are often lumped into segregated (or parallel) systems and services, distancing them from inclusive environments.
- Systems and services that are effective in including people with disabilities do not communicate with one another, creating gaps.
- Different stakeholders in the disability field approach issues very differently and do not always align to advance progress.

The TASH Conference is attended by passionate leaders, experts and advocates from every corner of the disability community. Conference attendees are influential in their fields and communities, and play an important role in the provision of services and supports for tens of thousands of individuals and organizations around the world.

TASH Conference attendees include professors and researchers with leading institutions, those involved in local, state and federal government and public policy, special and general educators and school administrators, self-advocates, adult service providers, students, family members and many others.

Exhibitor Benefits

As an exhibitor at the TASH Conference, you will receive:
